Principal's Message

Mr. Piecara

To The Class of 1999,

Graduation from high school is a time when we conclude one segment of our lives and begin to accept new challenges. Graduation can also be compared to one's arrival at a safe place to build base camp when climbing a mountain; it is one leg of the journey but it is certainly not the summit. Robert Maynard Hutchins says that "The object of education is to prepare the young to educate themselves throughout their lives." We at Marple Newtown believe that you are prepared to continue your education, your base camp has been carefully and thoughtfully constructed You are now ready to start your ascent to the summit.

As you begin the next leg of your journey, remember the words of Harry S. Truman, "I studied the lives of great men and women, and I found that the men and women who got to the top were those who did the jobs they had in hand, with everything they had of energy and enthusiasm and hard work." You have the foundation necessary to be successful in life. Add to that foundation hard work, commitment and dedication and you will truly be successful in whatever you choose to do.

I encourage you to accept the challenges of the future with a smile and an optimistic attitude and to dedicate yourselves to the attainment of your personal goals. Remember that success does not have to be measured by material standards and successful people can find contentment knowing that they have committed themselves to the pursuit of excellence. Wherever your future takes you, whatever the challenge, commitment to the pursuit of excellence will lead to lasting success in life.

I wish you continued success, good health and the best that life has to offer.

The sets and technical effects were produced by Mr. Winterbottom and Mr. Fetterman. Congratulations and thank you to all who participated for a job well done.

This year was an enormous success for the Marple Newtown Tiger Band. Marching to the beat set by Drum Major Phil Lee, the 120 member Tiger band obtained superior ratings at all of their competitions this year, along with a first place rating in the Hanover Halloween Parade. Comprising a show packed with excitement, including songs such as *Topaz, Simple Gifts,* and the stirring *1812 Overture*, Mr. Jehanian closed out his career with a bang. The band continues to work hard throughout the year and sticks to their slogan: "We do more by 8:00 am than most people do all day." Congratulations to all seniors for their years of dedication, and special congratulations to Mr. Jehanian, who has given a large part of his life to the success of the band. Good luck next year, Mr. J!

Last Words

uld be lying if I said that I am not slightly thankful to be finally writing this. Yes, e were times when I truly thought that this yearbook would get the best of me, but in end, it wasn't that bad. Well, the year is over! Looking back, I'm not sure how we ever pulled it off! It's been a real trip working with all of you guys. Katie, we did it, and we're still friends! It's been so much fun working with you, except for all your panic driven freak out sessions, which I'm willing to try and forget. Karen, you have been so helpful and patient through this entire process, and I thank you for all the hours you put in. Raabia and Alyson, the fantastic work you produced reflects on how much effort you two gave to our book. Alyson, what would we have done without you? You helped out a lot, and we are forever grateful. Shana and Greta, you have no idea of what lies ahead! Good luck, and have fun with everything. To Whitney, Christine, Stephanie, and all the other incredible staff members: you guys are the best! It's the little things that really count. Most of all, I'd like to thank my supportive family for allowing me to take over the living room, and make it into my personal work area. I love you guys. And as for everything else . . . we'll just have to wait and see.

Signing out . . .

Yay, we did it! At last, the yearbook is complete and amazingly, the whole staff is still ntact! We stuck it out and made a great yearbook that will be cherished for years to come. Katie and Jess — Thanks for everything you've done to make this happen. To the staff — it was great working with all of you. Never again will we have to futilely search the yearbook room for missing pictures, layouts, papers, scroppers, scropper pencils, green triangles, etc. etc. Laurie — thanks so much for helping me with those senior pictures. Had it not been for your astounding athletic skills in bleacher-climbing, we might have ended up with a "44" instead of a "94." Thank you, Mr. Williams, for always checking up on us, especially when we were sure to be frazzled. Bob, thanks for all your time and effort and for being so patient with us. And last but not least, a great big THANK YOU to Mrs. Fox who always let us in the yearbook room and so kindly let us borrow various items. Good luck to next year's staff — I'm sure 1999-2000 will bring as many strange and interesting situations as we had this year! Katie Cal, are you still having heart palpitations? Hopefully, they're not a result of agitation but of pure joy, happiness and . . . RELIEF! Best of luck to the class of 1999!

Love,

Virginia Silkworth

She may have been short in stature, but to all who had the privilege of knowing her, she stood ten feet tall. "Senorita Silkworth," a dedicated, talented, very caring teacher, introduced a love of the Spanish language, culture, and literature to hundreds of appreciative students during the twenty-two years that she was a very special member of the Marple Newton family. Inspiring her students to strive for excellence, Miss Silkworth taught by her own example of one who lived all her interests to the fullest and knew nothing less than doing her best. Her lifelong love of travel and amazing knowledge of history especially enriched the lives of the students she took on numerous trips to Spain. Her artistic photographs still brighten her classroom and bring to life many aspects of the culture she so enjoyed. When faced with the challenge of breast cancer, Miss Silkworth never gave up and lived every day courageously to its fullest. Focusing on the lives of her students, colleagues, friends, and family, she gave of herself freely with much love. She touched many hearts, more than she ever realized. Her legacy is beautifully described in lines from one of her favorite poems by J. Schlatter:

I want to leave you with something something better than words or sounds,
Look for me in the people I have known and loved.
And if you cannot live without me, then let me live on in your eyes, your mind and your acts of kindness . . .
Love does not die, people do.
So when all that is left of me is love . . .
Give me away . . .

- Virginia Bridgman

In Loving Memory

Henry E. Fetterman

Mr. Henry Fetterman was a great teacher, director and friend. He was a teacher that made learning fun; he was able to convey concepts of biology to everyone. As a director Mr. Fetterman was brilliant; like the captain of a ship he pulled everyone together to word toward a professional production. Most importantly Mr. Fetterman was a friend. We shared with him good times, bad times, and life experiences that we shared with no other. To some he was a father figure, to all he was a mentor. The mark a great teacher strives for is to leave a lasting impression and have a continued positive effect on the lives of students. Mr. Fetterman reached that mark and surpassed it by inspiring us all. Mr. Fetterman pushed us and trusted us to do things we never thought possible. I do not think that any student who knew Mr. Fetterman will ever forget him. We should be proud of the relationships we had with him and always keep him in our hearts. Mr. Fetterman did so much more than we could have ever let him know. Countless Marple Newtown students and alumni owe so much to him. He made a huge difference in our lives and we will never forget that. "So I guess now it's time to choose up sides and go home, give 'em hell Fetts!" Thank you Fetts.
